

# WAITING FOR YOU

Ted Schempp

Song of Solomon 1:1-8:14

Proverbs 31:10-31

VERSE: It would be so easy  
To do what would be wrong  
To run ahead impatiently  
On feelings flowin' strong

To spend the night together  
Before we're man and wife  
Would put our love in jeopardy  
We could lose it all for life

CHORUS: So here I am, waiting for you  
Night after night, waiting for you  
Dreamin' of when, all the waiting is through  
'Cause it won't be long, til I'll be making each dream come true

VERSE: I know how much you love me  
You don't have to prove a thing  
'Cause Babe, the way you treat me  
Tells me everything

On the day when we'll be married  
The time will be alright  
To touch you warm and tender  
And love you through the night

Chorus

BRIDGE: Waiting like this, can seem like forever  
But deep down I know  
It's gonna make loving' much better.....

Chorus
