

WITH ABANDON

Ted Schempp

Galatians 2:20 Romans 12:2

VERSE: The only thing we've come here to do
Is surrender ourselves in worship to You.....
With abandon!
Raising our voices with hands to the sky
Twirling and whirling, dancing like David did
With abandon!

Climb: No thoughts for ourselves, or the talents You give
Our only aim is to worship You, our King.....
With abandon!

CHORUS: With abandon we come and fall on our pride
With abandon You run to our side
With abandon You poured out each drop of Your life
And now we offer You ours.....with abandon!

With abandon!

VERSE: Every time You paint the skies
You lavish Your love, so high and so wide
With abandon!
The colours You choose, incredible hues
Cover the heavens and glorify You
With abandon!

Climb: You know what we need before we can ask
But still, we need to cry out to You.....
With abandon!

(Chorus)
